

SYSTEMATIZED RAPE OF HIGH SCHOOLERS IN THE BAY AREA

More than 37% of 15 year olds attending high school in the Bay Area were raped in 2018, and:

- more than 22% of them were raped while drugged with GHP
- more than 65% of them were raped while drunk on alcohol
- more than 11% of them were raped while on other drugs
- more than 90% of them were raped by someone who lied about their age and who was at least four years older than them

Out of all the 15 year olds attending high school in the Bay Area who were a victim of felony rape as defined by California Penal Code in 2018, none of them were sober when they survived rape.

Out of all the 15 year olds attending high school in the Bay Area who were a victim of felony rape as defined by California Penal Code in 2018, more than 85% of them were a victim of felony conspiracy to commit rape as defined by CA Penal Code in the year 2018.

In 2018, every high school in the Bay Area has a minimum of 6 NSA agents attending high school as imposters, pretending to be high school students, and supplying GHP.

These statistics are not based on statutory rape, which is unlawful sexual intercourse as defined by CA penal code.

In 2018, the National Security Agency has over 26% of its employees working as imposters attending high schools in the United States. At each high school with NSA agents attending as students, there is a minimum of 6 agents; the average number of NSA agents at these schools is 10, and the maximum number of agents at any high school attending as students is 18. There are 1,158 high schools in the U.S. with NSA agents attending as imposters pretending to be minors; they supply GHP to minors, and participate in systematized pedophilia.
